SPRING ELECTION. - We announce above Republican Township and City The candidates announced as good, strong and deserving men, and contrast strikingly with the political hangers on of the Democratic party. They are not officeseakers, but honest men, of sufficient capacity to discharge the trusts in connection with which their names are mentioned. They are not such men as the office honors, but such as honor the office. Let all who have the interest of the townshipland city at stake, rather than the success ery Republican in the township be presof party, or the promotion of demagogues, give them their support.

A Great Ontrage. fested Mr. Isaac Carnes' renomination as room formerly occupied by A. McVeigh "brought down the house," the enthusis township trustee. Mr. Carnes was the Esq. only member of the board from the country and was beaten in part, because of his locality, but principally because of his honesty. For a number of years Mr. Carnes has represented Hocking Township in the capacity of trustee. He has discharged his duties faithfully and impar- multiplying in Massachusetts. The consumption of Hostetter's Scotland Bis-ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could heter Fure been sold but for the rare medicinal properties contained in the prepara tion, and the sanction of the most promincut physicians in those sections of the where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testin onials to its

efficacy in all cases of stomachic derangements and the diseases resulting therefrom This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable modifiene, which is

lestined to be as enduring as time itself. Hostetter's Stomuch Bitters have proved a Godsend to regions where fever and and various other bilious complaints have counted their victims by handreds. To be able to state confidently that the "Bitters are a certain cure for the Dyspepsis and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores that to acondition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find

in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the bonefit of using this preparation while suffering from atomach derangements and general debility; acting under the advice of physicians, they have abandoned all delerious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her awn health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of holy and min't is generally aggravated. Here, then, is a recessity for a stitutilant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhosa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomseli, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consultheir own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
CAUTION.—We caution the public against

using any of the many imitations or counterfeits, but ask for Hostetter's Calendaria STOMACH BITTERS, and see that each bottle has the words "Dr.J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
